To: Mike Richter - President, Protech Mechanical
From: Wes Curtis - Vice President, Cliff House Condominiums
Subject: Letter of Recommendation

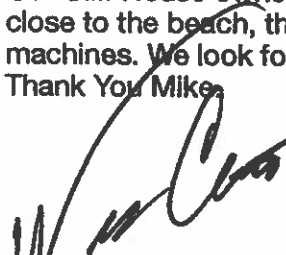

To Whom It May Concern

Please accept this Letter of Recommendation for Protech Mechanical. Mike Richter has assembled the finest team of mechanical professionals anywhere in the Corpus Christi area and provides the same excellent service for smaller condominium towers like ours as he does for his much larger commercial accounts. Mike has Troy Bruner in marketing, the best contracts and deals communicator anyone could ask for. Troy is someone you can trust.

Mike also has Greg Burgess in field operations to oversee a team of specialized technicians who know the type, model and function of all major building machines and processes. Greg's guys lower my blood pressure every time I see them, which for emergencies is usually within 20 minutes. Techs like Johnny Cole, Nick Hames, Evaristo Ortiz, Mark Villarreal, Joe Castillo and Brandon Poznanski can solve problems in minutes unlike other companies who will take hours. And then there is Joseph Pimentel who was on my cooling tower on a Saturday night during hurricane "Hanna" fighting 70 mph winds in driving rain to get my owners cooling for the weekend.

The following Monday, Greg and the upgrades his plumbing technicians were able to do are now saved us money on utility costs and our building utility usage is much more efficient. I want to thank Greg's plumbing techs Jonathan Trujillo, Patrick Lelaurin and John Garcia for helping us to accomplish what was needed here at Cliff House over 10 years ago.

Our Cliff House owners can always feel more comfortable living in downtown Corpus Christi close to the beach, the boating and nightlife knowing that Protech is watching over our master machines. We look forward to many years of Protech being part of our Cliff House family.
Thank You Mike

Wes Curtis - Vice President
